

## Break ground today for new county jail

Ground was broken in ceremonies this morning for a \$4,375,000 new Madison County jail near the County Courthouse in Edwardsville.

Designed by Architect Henry Gabriel of Granite City, the project as authorized will have the appearance presented in the above sketch.

Although not as large as the jail that was initially proposed, when federal aid was a possibility, the new facility will include 110 cells. It will replace an inadequate-size jail built in the middle of the last century.

S.M. Wilson & Co. of Granite City is the general contractor. General Refrigeration of Alton will perform the plumbing and heating work and Wegman Electric of Wood River will do the electrical work.

Jail equipment will be furnished by Stewart-Decatur of St. Louis and food service equipment will be provided by Southern Equipment Co. of St. Louis.

## Weather outlook

Mostly cloudy and mild this afternoon with high in the low to mid-60s. Cloudy tonight; chance of fog. Low in the mid-50s. Tuesday partly cloudy and mild. High in the low to upper 60s. Showers again on Wednesday, ending Thursday. Clearing and cooler Friday. Lows mostly in the 40s, dropping into the 30s on Friday. Highs in the low to upper 50s.

## Byron tells messengers—cease

Confusion as to whether the Finish Line Express messenger service offices in Granite City and Venice should be allowed to operate or should be closed was resolved Friday as Madison County State's Attorney Nicholas G. Byron issued a "cease and desist" order, prohibiting horse race messenger services from operating in this county.

Byron's order, which may be the target of legal challenges, became effective at 12:01 a.m. today and neither messenger

service office was expected to open this afternoon unless Finish Line Express Corp. is granted a court order allowing the operations.

Venice has allowed a Finish Line Express office to operate at 306 Broadway since Oct. 27 under a legal opinion by the city's attorneys that the messenger service is legal pending an Illinois Supreme Court decision.

Granite City, however, raided the Finish Line Express office at 1415 Twenty-first St. (also

opening Oct. 27) on Oct. 31, using a ruling by Assistant City Attorney Irvin C. Slate Jr. that an injunction prohibiting police from closing such services in the First Appellate Court District in Chicago does not affect police in this appellate district, which is based at Mount Vernon.

While the Venice office continued to operate, Granite City officers said they have patrolled the Granite City office area since last Monday and have not found evidence it has

been operating.

On Wednesday afternoon, officers noted activity inside the office on 21st St. and two detectives investigated, noting the front door was locked. Two women were inside and Queen Ester Dean, 40, East St. Louis—who was arrested during last week's raid—informed officers they were cleaning and the office was not open.

She had been charged with gambling in the Oct. 31 raid, a

## \$201,000 for raises

A salary increase of 6 per cent granted to all Granite City employees for the current fiscal year will cost the city an estimated \$201,000 in additional salaries, according to figures

released by the City Council's Negotiating Committee.

At the same time the committee, headed by Alderman Warren Decatur of the Fourth Ward, reported that salaries and fringe benefits paid under this year's wage increase in three of the city's major departments will cost the city from \$18,904 to \$23,874 per man.

The salary cost estimates were announced to council members as the aldermen began a study of a proposed new working agreement between the city and employees of the street department. That agreement was the last of a series of proposed agreements negotiated by Decatur's committee and union representatives of city employees in the Fire Department, Police Department, Street Department and the sewage treatment plant.

While the council took no action on the street department proposal, it was indicated that some terms of the proposal will have opposition from some aldermen.

The council has approved only the working agreements for the sewage treatment plant and secretaries working in city offices. The aldermen have refused to accept Fire Department and Police Department proposals because of differences over terms for hospitalization insurance. These agreements are to be renegotiated.

After the Street Department proposal was submitted last week, council members agreed with a suggestion by Alderman Charles Douglas of the First Ward that the aldermen study the proposal "so we will know what we are talking about when we discuss it in our next meeting."

Among terms of the proposal which some aldermen indicated they will oppose is a provision

for payment of longevity at the same rates now in effect for the police and fire departments, and another provision calling for vacations to be the same as those determined for the police and fire departments.

Opposition also was expressed last week to a provision of the proposed agreement establishing an additional 25-cent per hour pay for any street department employee who operates special equipment such as backhoes, street sweeper, motor grades and similar equipment.

In reports submitted to council members by the Negotiating Committee last week, the committee, which in addition to Decatur includes Aldermen Fred Schuman Jr. and Ronald Coleman, listed the additional salary costs this year for the Street, Fire and Police departments, noting that the city's cost is not limited to the

## Adults share teens' concern over adequacy of leisure time activities

Parent: "Where did you go?" Youth: "Out."

"What did you do?" "Nothing."

A sense of community, of closeness, is hard to maintain across the generation gap. Elders reach out to provide enjoyable activity for teenagers, who sometimes react with, "Please, Mother, I'd rather do it myself."

Among the kinds of activity are organized athletics, primarily through schools, park districts, the YMCA, churches and other groups.

To help demonstrate their interest in and support of the younger generation, Madisonians held a "community night" this fall (shown at the left in a Press-Record staff photograph) in conjunction with a home varsity football game at Madison High School.

Similar backing for wholesome use of leisure time was voiced by community leaders and residents at last week's Granite City Rotary Club prayer breakfast. Robert Maxwell was moderator.

Speakers and panel members were four students—Marci Bunch of Granite City High School—North, Tammy Boush of Venice High, Michelle Clark of Madison High School and Cindy Zelenka of Granite City High School South.

Despite the large number of youth-oriented programs and facilities in the Quad-City area, the speakers concluded that—except for some special fields—not enough recreational opportunities are available during some parts of the year.

Adults recalled a number of promising activity centers and programs in the past that had to be halted when "a few bad

apples" began attending and disrupted scheduled events.

Not only did organized leisure-time gatherings become a problem, but liability factors caused owners to withdraw permission for informal parking-lot get-togethers, it was asserted.

Along with such concerns as financing future college classes, area high school students' worries include widespread drinking as well as drug abuse.

Another pitfall cited, boredom, could be eased by wider availability of part-time jobs and by greater utilization of the Venice recreation center, Madison centers, the YMCA and Quad-City schools, it was suggested.

Youth participation along with adults in advisory committees might be of help in planning new activities, the students commented.

## Lewis-Clark park improved

In the tradition of their Lewis and Clark forebears, a group of Madison County citizens traveled to Springfield on Jan. 20, 1977, through driving snow, icy roads and sub-zero temperatures to keep a Springfield meeting arranged by and with Rep. Everett Steele and state park officials.

Among the group were Clarence Decker of East Allen, Elmer Hart of Hartford and Mr. and Mrs. Peter Klunick of Wood River. At the windy session, suggestions were made, problems discussed, and plans formulated by the state to make improvements during 1977 at the Lewis and Clark site in a manner befitting its historical significance, Rep. Steele recalled today.

"As a result, visitors to the park now can climb stairs leading to a newly installed nine-foot-high observation platform, where the visitor can view a map making the route traveled by the explorers, as well as view the joining of the Missouri and Mississippi Rivers, making it the longest river in the world.

"New parking areas, numerous signs and picnic tables, a new entrance sign, resurfaced road, and highway and Interstate markers now attract tourists and visitors to this historic park located just a short distance from our homes," Rep. Steele concluded.

The Symphonic Band and Wind Ensemble of Southern Illinois University at Edwardsville will perform their first concert of the 1977-78 season Sunday, Nov. 13, at 3:30 p.m. in the SIUE Communications Building Theater.

The Symphonic Band will perform Hanson's "Chorale and Alleluia," "Gossec's 'Classical

Overture," Milhaud's "Percussion Concerto," and Reed's "Russian Christmas Music." "Delius' 'On Hearing the First Cuckoo in Spring'." Strauss' "Serenade in E-Flat, Opus 7," and Walton's "Facade," and entertainment of poems by Edith Sitwell, will be performed by the Wind Ensemble.

The poems will be narrated by Carol Kirkpatrick, mezzo soprano, and Rico Serbo, a member of the SIUE music faculty.

Also featured in this performance are five SIUE student dancers under the direction of

Aline Wiltz, a member of the SIUE department of theater and dance.

Students who will perform under the direction of conductor Carl St. Clair include Thomas Bull, Stephen Hall, Jeri Johnson, Becky McCommis, Karen Schneider, Tony Stajduhar and Don Word, all of Granite City.

Following the concert, the SIUE chapter of Phi Epsilon will provide refreshments in the lobby. The concert is free, and the public is invited to attend.

## 1,007 rural road deaths

"City of Maryville wiped out? No, but nearly that many persons have been killed on rural highways in Illinois so far this year due to traffic accidents," a state police spokesman says.

"During 1977, 1,007 persons have been killed in traffic accidents on rural highways. 'This is an improvement

compared to the same period last year. We have had a decrease of 16 fatalities in Illinois."

Captain Albert J. Bertagnoli, district commander of State Police District 11, covering a nine-county area, said during the weekend there has been a decrease of three fatalities so far this year in this district.

LIBRARY-MEDIA ENTRY in the Granite City High School North Homecoming parade which won first place honors Friday afternoon. "Shoot Them Down" was the theme of the float which featured a large green dragon being shot by a North Steeler. The dragon represents the St. Mary Dragons of St. Louis who were North's opponents in the annual homecoming game played Saturday night. The Steelers lost the match in

overtime 17-14. Other clubs and organizations with entries in the parade were Band, Pom Pon, Student Council, Science Club, Social Studies, Cheerleaders, Silver Spirit, Future Secretaries of America, Tennis Club, Vocal Club, Masque and Gavel, Future Homemakers of America and the Flag and Rifles squad.

## Rites held for former resident

Funeral services were conducted at 2 p.m. Sunday at a Cape Girardeau, Mo., funeral home for John A. Kurze, 79, of Cache, Ill., formerly of Granite City and Cape Girardeau.

Mr. Kurze died Friday at St. Francis Medical Center, Cape Girardeau, where he had been a patient 18 days.

Born in Cape County, Mo., Kurze resided in this area for 25 years, prior to moving to Cache. In 1944 he founded the Cape Vault Co., with Herman Kirchoff and retired in 1957.

Mr. Kurze was a member of the Lutheran Church. Survivors include a daughter, Mrs. Leroy Watkins, Cape Girardeau; a brother and two sisters, all of Cape Girardeau; three grandchildren and five great-grandchildren.

Burial was in Memorial Park, Cape Girardeau.

## BREAK INTO HOUSE

Louvered glass in a rear door was pried open to gain entry to the home of Michael Wallace, 2216 Edwards St., between 5:30 p.m. Saturday and 12:30 a.m. Sunday. The house was ransacked. It is not known if anything was stolen.

## Locke to manage Bi-State Agency

An expanded role for the agency is viewed by Barry M. Locke of Washington, D.C., a former official of the U.S. Department of Transportation, who has been named executive director of the Bi-State Development Agency.

His appointment was announced Thursday by the agency's Board of Commissioners.

Locke, 47, succeeds Robert J. Baer, resigned after three years to become vice-president and general manager of United Van Lines.

Locke will serve as the chief administrator of the Bi-State, which operates a 165-mile mass transportation system in the Missouri-Illinois area.

Bi-State, which employs 2,000, also owns and operates the Bi-State Parks general aviation airport in Cahokia, Ill., operates the Transportation System in St. Louis' famed Gateway Arch, and serves as regional coordinator for the Port of Metropolitan St. Louis.

The agency, based on a broad interstate compact, has recently been mentioned for possible involvement in a wide range of other regional matters, including a proposal to convert waste materials into electricity.

Having served as a partner in the transportation consulting and representation firm of Smith & Locke Associates, Inc., of Washington, D.C., until his appointment to Bi-State, Locke brings more than 15 years of transportation and government-related experience to his new position.

He served as special assistant to Secretary of Transportation John A. Volpe from 1968 to 1972. In that capacity, he reviewed and appraised major transportation policy questions for the secretary, projecting the impact of policy decisions.

## Two injured as car hits train

Jeffrey Mundy, 16, of 3801 Lomb Drive, was treated at St. Elizabeth Hospital at 8:45 p.m. Thursday for pain to the neck and head after his car struck an Illinois Central train on Edwardsville Road at Nineteenth Street.

Mundy's police he saw the train as he approached the crossing but his brakes failed and his car struck the engine. Mundy was released after treatment and was ticketed on a charge of failure to reduce speed to avoid an accident.

Miss Elizabeth Lake, 17, of 1703 Third St., Madison, a passenger in Mundy's car, was treated for pain to the neck and right knee and was admitted. The train engineer, Norris Graham of Godfrey was uninjured.

## Two injured in auto accident

An auto accident at 11:30 p.m. Friday at Primrose Avenue and Highway 203, involving the cars of Brian Corby, 17, of St. Louis, and Bob Storts, 19, of Ballwin, Mo., resulted in two people being injured and taken to St. Elizabeth Hospital.

Storts hit his upper lip and nose on the steering wheel and was treated for a one-inch laceration to the right nostril and a half-inch laceration to the inside of his upper lip. A passenger in his car, Matthew MacAlady, 19, also of Ballwin, received treatment for a hematoma on the left side of his head. Both were released.

## ADMITTED TO HOSPITAL

Mrs. Carol Nash, 27, of 1107 Kirkpatrick Homes, was admitted to St. Elizabeth Hospital at 7 p.m. Saturday and her 5-year-old daughter, Candy Nash, was treated and released following an auto accident. Mrs. Nash hit her face on the door and had a nose bleed and chest pains when taken to the hospital. Her daughter was treated for a hematoma to the forehead.

### Byron ready to defend 18 against suit

Although no Third Circuit  
judges were eager to handle a  
lawsuit against 18 Madison  
County Board members, State  
Attorney Nicholas G. Byron on  
Thursday accepted as his  
responsibility the task of  
defending them.

Another board member,  
Daniel Parney of Granite City,  
sued the 18 for alleged neglect in  
awarding sheriff department  
auto repair authorization to the  
apparent second low bidder,  
Beuckman Ford of Collinsville.  
Rodger Eble of Wood River,  
said he feels county government  
is at "an all-time low" due to  
Byron's decision. Others said  
they consider they have the  
right to vote according to their  
views on such matters.

Fourth Circuit Judge William  
Slater of Christian County is  
scheduled to hear the case.

### Ice rink session

A special public session will

Holder, 2549 Cleveland Blvd.,  
was believed gained between 6  
p.m. and 9:10 p.m. Saturday by  
climbing on a lawn chair onto a  
roof and then breaking a  
second-floor window. A glass  
jar full of pennies was moved  
from the kitchen to the living  
room, but was not taken. A soft  
drink was taken from the  
refrigerator, opened and left on  
the table. Nothing was known  
missing. The front door was left  
open.

### SUFFERER HEAD INJURY

Jim Ward, 27, was injured  
Friday night and was admitted  
to St. Elizabeth Hospital at 5:30  
a.m. Saturday. He was hurt at  
Scoville's Tavern, National City.  
Sustaining a cut, and  
bruises to the right side of his  
forehead and a possible skull  
fracture, he was admitted for  
observation.

### ACCIDENTALLY SHOT

Michael Chandler, 29, of 2417  
St. Clair Ave., was admitted to  
St. Elizabeth Hospital at 6 p.m.  
Saturday after surgery after he  
accidentally shot his left index  
finger. He sustained a bullet  
wound to the tip of the finger  
and powder burns to the hand.

### Burglary at 'haunted house'

Four teenage boys and a 29-  
year-old man were arrested and  
charged with theft of five  
sleeping bags, numerous black  
lights and a rubber skeleton  
from the Explorer "haunted  
house" in Pontoon Beach.  
The theft took place sometime  
Saturday and police were ad-  
vised on Sunday of three young  
boys having masks similar to  
the ones taken.

The adult was implicated by  
the youths, but claimed he had  
purchased three sleeping bags  
from someone passing his  
house. He was released by  
police on a notice to appear  
pending further investigation  
and the youths were released to  
their parents.

Pontoon Beach police believe  
most of the items taken have  
been recovered.

### FACES TWO CHARGES

A complaint charging  
disorderly conduct and  
resisting arrest has been signed  
by Pontoon Beach police  
against Wade Hannah, 20, of  
2321 Delmar Ave. Hannah was  
arrested in Pontoon Beach at  
10:50 p.m. Sunday following a  
reported fight at the Gaslight  
Walk apartments. Hannah was  
placed in Granite City jail  
pending appearance in court  
today.

## Parents can ask police to search child's room

If an Illinois juvenile's parents permit police to search his room, there is no violation of constitutional guarantees against unreasonable search and seizure.

That is the thrust of an action by the U.S. Supreme Court last week in denying a request for review of a case involving an Illinois teenager.

Attorneys had argued that the 15-year-old boy's rights to privacy had been violated when his mother called police and requested their assistance in searching his room.

The boy had generally kept the door to the room padlocked and flatly and profanely told his mother to stay out of it.

When the boy's mother and a police officer searched the room, they found marijuana, hypodermic needles and stolen goods. The boy was subsequently convicted of theft, unlawful possession of cannabis, and possession of a firearm without a permit.

He was sentenced to the custody of the Juvenile Division of the Illinois Department of Corrections.

In asking that a review of the case be rejected, Scott argued that Illinois law imposes serious burdens on parents of minor children under age 18, which provides the parent with at least common authority over a room occupied by a non-emancipated child. Therefore, Scott argued, the parents' consent to the search was legal.

Scott said Friday, "The Supreme Court's decision protects parental authority and the integrity of the family unit."

## Special Education parents to hear speakers Tuesday

Parents for Special Education will meet at 7 p.m. in the Office of Special Education, 2801 Madison Ave.

Guest speakers will be Frank Signaio, co-ordinator of women, infants, and children, and Jackie Haug, co-ordinator for Medichex.

On Nov. 21 a skating party will be held at the Stardust Skating Rink in Pontoon Beach from 6 to 8 p.m. There will be a 50 cent skate rental fee. Those attending must be accompanied by an adult and provide their own transportation to and from the skating rink. These skating parties are now being sponsored by the Tri-City Association for the Retarded.

A dance will be held at the Venice Recreation Hall on Nov. 11, for all handicapped persons 15 years of age or older from 7:30 p.m. until 10:30 p.m. There will be a 50 cent admission charge. Those attending should provide their own transportation to and from the dance.

A dance will be held Nov. 18 at the Alton Niagara School for those 15 years of age or older from 7:30 until 10:30 p.m. The bus will leave from the parking lot of the Office of Special Education promptly at 6:45 p.m. There will be a 50 cent admission fee. Anyone interested in attending the dance may notify Kay Hahn at 451-9832.

## Nurses to convene

"We may be the largest health profession in the United States, but unless we stop talking about it and start doing something to show our group power, we're only talking to ourselves."

So says Anne Zimmerman, RN, president of the American Nurses' Association, who will deliver the keynote address to 1,200 nurses expected for the Illinois Nurses' Association convention in Chicago Wednesday through Friday at the Sheraton-Chicago Hotel, 505 N. Michigan Ave.

The convention theme, "Nurses - Accountable, Autonomous, Assertive," fits in with what Mrs. Zimmerman has been telling nurses across the country since her election in June 1976, she says.

"Many reports allude to nursing's potential to improve the health care system. As long as people continue to refer to nursing's potential for power, nursing has no real power. But nurses banded together could change the system." She will address the opening session of the convention at 9 a.m. Wednesday in the Grand Ballroom of the Sheraton-Chicago.

The Illinois Nurses' Association, a constituent of the American Nurses' Association, has 10,500 members. It is a voluntary professional organization for registered nurses as well as a labor organization. INA represents more than 4,000 nurses under collective bargaining agreements, 1,200 of them employed by the state of Illinois.

## 5575 BURGLARY LOOT

Burglars broke into a shed at the home of Ted McNail, 5575 Maryville Road, and took tools and sporting goods valued at \$375. It was reported at 12:40 p.m. Thursday. Taken were a motor, chain saw, chain hoist and assorted hand tools. Neighbors reported seeing a man who walked behind the shed about 11 p.m. the previous night.

## STEAL PICKUP TRUCK

A pickup truck owned by Thomas Majra, 2308 Cleveland Blvd., was stolen at 8 p.m. Thursday from the Central Hardware parking lot. Majra said he saw a man get into the truck, ran out of the door and yelled at him, but the man drove away. A police officer saw the truck a few minutes later, but lost him due to heavy traffic.

## Tax advice each Monday and Tuesday

Federal income tax assistance will be available every Monday and Tuesday at the Alton Internal Revenue Service office, 501 Belle St., according to Danny Roland, manager of that office. Office hours are from 8 a.m. to 11:30 a.m. and from 12:15 p.m. to 4:15 p.m.

"We have set aside these days so that we may give our full attention to taxpayers who need personal assistance with their inquiries, accounts or other federal tax matters," Roland said.

Taxpayers unable to visit the IRS on these particular days are encouraged to call the IRS toll-free number any weekday Monday through Friday, between 8 a.m. and 4:45 p.m. The toll-free number here is 800-252-2921.

Free tax information is available the year around, Roland said.

**WOLVERINES CLASSIC JAZZ ORCHESTRA.** The group will perform for the public Nov. 17 at SIUE's Meridian Hall.

## Jazz orchestra to play

The Wolverines Classic Jazz Orchestra will perform Thursday, Nov. 17, at 8:15 p.m. in Meridian Hall at Southern Illinois University at Edwardsville.

The Wolverines Orchestra is composed of 14 musicians who, fans say, recreate the most exciting music of the Jazz Age, from 1917 to 1934. Transcribing original recordings note for note, the Wolverines have developed a repertoire of classic arrangements with the original solos — and the shakers and the slurs — said to have typified the "hot sounds" of the Jazz Age.

The music of Paul Whiteman, Fletcher Henderson, Duke Ellington, Clarence Williams, Cab Calloway and many others lives again in the Wolverines' performances. The group has impressed audiences at some of the nation's most popular night spots. The Riverboat — Manhattan's largest cabaret nightclub — and Scotties of Minneapolis and Rattle's of Chicago are a few of the places where the Wolverines have performed for capacity crowds. They will be playing for one

night only at SIUE. Tickets are available at the University Center ticket office at \$2.50 for non-students and \$1 for SIUE students, and a 20 per cent discount is available for non-university groups of 20 or more.

## Norfolk coal loading record

Norfolk and Western Railway Company smashed two of its coal loading records last week, topping both prior marks by more than 10 percent.

System-wide, the railroad loaded 8,351 carloads on Nov. 1, up 10.8 percent from the old record of 7,538 set on June 25, 1971.

"Our ability to increase coal loading records by such a large margin is a good indication of the reserve capacity we have built into our railroad," said John P. Fishwick, president and chief executive officer.

"I'm not going to claim we can haul that much coal every day, but in the last two months we have been originating coal loadings at a rate equivalent to about 80 million tons a year."

**"GYPSY" TO BE PERFORMED.** Members of the Masquers production cast (left to right) are, lower row: Mark Stephens of Granite City and Tom Myrda of

Fairview Heights; top row: Dave Dawson of Troy, Rena Sale of Collinsville and Boy Lloyd of Granite City.

## Fewer non-school employees of state

Release of summer help in many state agencies caused state employment to decline by more than two thousand in September, but other factors led to an overall increase, according to statistics released Friday by Illinois Comptroller Michael J. Bakalis.

There were 116,779 employees of all state agencies in September, an increase of 4,839, or 4.3 percent, from the August figure.

Changes by major groups were:

Constitutional officers and courts, down 287, or 2.9 percent.

Code departments, down 1,018, or 1.6 percent.

Major commissions, down 40, or 1.0 percent.

Miscellaneous agencies, down 667, or 25.8 percent.

Payrolls for all agencies totaled \$119,845,328, a decrease of \$4,074,307, or 3.3 percent, from August. Payrolls for all agencies except educational institutions were \$82,919,565, a decrease of \$7,920,942, or 8.7 percent.

The number of employees in September 1977 was \$80 more than in September 1976.

Educational institutions increased by 581. All other agencies decreased by 43.

Total payroll costs for all state agencies increased by \$7,177,859, or up 6.4 percent, from September 1976 to September 1977.

## Masquers will present 'Gypsy'

The Masquers community theater group has announced production dates for the first show of its season, "Gypsy."

The musical will be staged at Webster School Auditorium in Collinsville this Saturday, Nov. 12, and at the Granite City High School South Auditorium on Saturday, Dec. 10.

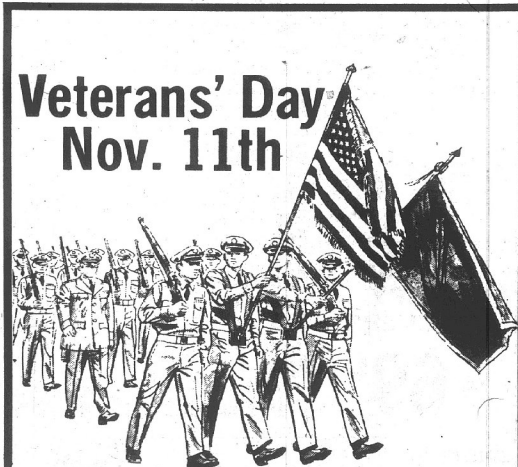

Curtain time is 8:15 p.m. for both performances.

"Gypsy" is the story of the rise to stardom of famed dancer Gypsy Rose Lee and her domineering, over-protective mother, Rose. It is suggested by the actual memoirs of Gypsy Rose Lee.

Granite City residents involved in the production are Bob Lloyd, Jennifer Miles, Clara and Linda Parish,

Shirley Sobolowski and Mark Stephens.

The Masquers is a community theater group whose membership extends throughout the entire Illinois metropolitan area. Individuals interested in the theater may contact the president, James Swanick of Collinsville, at 344-1823.

## Coalition fears new raise for legislators

The Coalition for Political Honesty has urged former Gov. Samuel Shapiro to hold "conveniently scheduled open meetings" of the recently appointed committee authorized by the General Assembly to study whether state officials need a pay raise.

In a letter to Shapiro, who chairs the 28-person committee, Patrick Quinn, Coalition spokesman, said, "We are deeply concerned that this body represent the views of average Illinois citizens and abide by the standards of the Illinois Open Meetings Act."

"We are prepared to take legal action if all committee deliberations are not open to the public," Quinn said.

Quinn said the committee "must avoid rubberstamping a pay increase for state legislators which would be a gross insult to the taxpayers of this state."

He said Illinois legislators' \$20,000 salaries "are the third highest in the nation, a statistic rivaled only by the rate of indictments and convictions, where Illinois is clearly Number One."

"Our 12,000 petitioners have expressed overwhelming opposition to paying politicians more while they continually ignore citizens' demands for open government in Illinois."

"Last year, we collected 635,158 signatures in opposition to double governmental jobs and conflict of interest voting, and yet Springfield politicians killed these proposals in record time."

"This year, the Coalition's petition drive for an open primary referendum has received enthusiastic support across the state, and yet open primary bills are bottled up in legislative committees."

Quinn listed the income of an average Illinois wage-earner as \$226.16 per week or \$11,864 per year.

He said a typical Illinois state legislator receives annual salary of \$20,000, per diem allowance of \$36 per session.

## Col. Howard is commended

The commander of the St. Louis Area Support Center (SLASAC) Granite City, Lieutenant Colonel James W. Howard, had received the second leaf cluster to the Army Commendation Medal.

The new award recognizes meritorious service, while assigned to the office of the deputy chief of staff, logistics, Headquarters, United States Army Europe, and Seventh Army from January 1974 to July 1977.

According to the citation, during his period, Col. Howard served successfully as logistics staff officer, Supply and Maintenance Division; chief, Combat Equipment Branch; and chief, Logistics Readiness Branch, Material Readiness Division. He consistently displayed dynamic leadership, keen perceptiveness and initiative which were invaluable to the command.

## Hearing Tests Set For Senior Citizens

Granite City — Electronic hearing tests will be given at the new Belton Hearing Aid Service branch office every Wednesday from 10:00 a.m. to 1:00 p.m.

Factory-trained Hearing Aid Specialists will be at this branch office at Skott's Jewelry & Card Shop, 1304 Niedringhaus, Granite City to perform the tests.

Anyone who has trouble hearing or understanding is welcome to have a test using the latest electronic equipment to determine if his loss is one which can be helped. Some of the causes of hearing loss will be explained, and diagrams of how the ear works will be shown.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people now wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out whether the latest methods of hearing correction can help them hear better.

The free hearing tests will be given every Wednesday from 10:00 a.m. to 1:00 p.m. at Skott's Jewelry & Card Shop, 1304 Niedringhaus, Granite City. If you can't get there on Wednesday, call 876-6414 and arrange for an appointment at another time. In-home testing is also available.

He is the son of Mr. and Mrs. Vern G. Howard of Neillville, Wis., and is a 1952 graduate of Neillville High School. He received a bachelor of arts degree from Ripon (Wis.) College in 1956.

Driver injured

Kathi A. Domitrovich, 4 Briarcliff Drive, sustained minor injuries when the car she was driving skidded on wet pavement at 11:05 p.m. Thursday and struck a parked car on Edison Avenue near 22nd Street.

She told police she was making a right turn into Edison Avenue from 22nd Street when the car skidded. The parked car was owned by Jack Bolton, Grandview, Wash.

## Professional experience plan offered to students

Students on the Southern Illinois University at Edwardsville campus have the opportunity to combine school work with full-time employment for two quarters a year during their college career through the university's Professional Experience Program.

Robert Schulteis, director of PEP, comments, "The program doesn't have anything to do with the internship approach. Our people go out to earn a salary so they can come back to the university as a full-time student."

"PEP is a bridge between the classroom and working. Students can work on practical situations, knowing the theory behind it, and understand the practical functions of their work."

"The student might go to the classroom and say, 'This is a nice theory, but this is the way it is really done,'" Schulteis said. PEP was originated on the SIUE campus in 1968 and has nearly quadrupled since that time.

Industries and government agencies throughout the metropolitan area come to interview, and select on a competitive basis, SIUE students in various majors, including: American studies, foreign languages, social work, mass communication, history, English, all areas of business administration, and more.

Last year, 30 companies and 75 students participated.

"The companies have the advantage of having full-time employment during peak periods. The company also receives qualified and productive personnel," Schulteis added.

"Another advantage to the company is that employers with creative personnel policies find they are able to interview and employ top-notch academic students long before graduation and competition."

Advantages for the students include pertinent work experience in the student's chosen field, income source sufficient to finance and alternate a

period of full-time study, and greater incentives and motivation to study through better understanding of their deficiencies and practical needs, Schulteis said.

Originally the program was funded by the federal government, but it has outgrown that at SIUE, the director said. Although the program deals with students in all major areas, it is funded by the SIUE School of Business.

Students interested in the program must have a 3.0 (out of 5.0) grade-point average and must have completed four quarters of academic study.

The student, once in the program, will work no less than one quarter and no more than two quarters per academic year. The other quarters are spent in full-time academic study.

Area employers now involved in the program include Monsanto, Olin, Boise Cascade and government (Civil Service) positions.

For further information about

PEP, Quad-Cityans may call 692-3840 or visit the PEP office in Room 3127 of Classroom Building II.

### STUDY HOW NURSES DEAL WITH CONFLICT

A workshop designed for head nurses and nursing directors — and those nurses now employed in management positions whose job necessitates dealing with conflict — will be offered Nov. 17 by the Continuing Education Program of the SIUE School of Nursing. The one-day workshop will be held in the Mississippi Room of the University Center from 9 a.m. until 4 p.m. Registration will be \$8.

Participants will learn to identify conflict and consider methods of using it as a management tool. Enrollment is limited to 30 participants and applications will be accepted on a first-come, first-served basis at 692-3956.

## Ceramics workshop

Sagger firing techniques and ceramics demonstrations will be shown when Southern Illinois University at Edwardsville sponsors a ceramics workshop Nov. 15 and 16, conducted by Charles Hindes, an associate professor and chairman of the ceramics area at the University of Iowa.

It will be held at the SIUE Wagner complex in Edwardsville.

Hindes, best known for his sagger pottery techniques, has conducted workshops in universities across the nation. His artwork has been displayed in more than 50 exhibits, as well.

The workshop is open to the public. Slides and demonstrations will be featured both days, with a buffet dinner to be served the evening of Nov. 16. Hindes also will critique students' work during his stay.

# South advances, burns Kahoks 3-0

By PETE HAYES  
Press-Record Sports Editor

Somewhere at the Granite City South Sports Complex Friday afternoon, there was a man watching a soccer game with extreme interest. Oh, sure there were HUNDREDS of people watching with extreme interest.

But this man in particular had a special reason for being at the game. His name was Tony Slinio. He's the head soccer coach at New Trier East High School in the suburbs of Chicago. He flew all the way down just to see the game. Why?

His team will play the South Warriors in the second game of the state quarterfinal playoffs this Friday and try to dethrone the reigning state champions. He must feel it won't be too easy a task if he took the effort to come all the way for the game.

DH, THE GAME? It was won by the Warriors 3-0 over Collinsville in what began as a tight contest but generated into somewhat of a rout, in the late part of the third quarter. That is, if you compare it to the last game South had, that 2-1 setback against North last Wednesday.

Not until the 9:38 mark of the third period did either team break the scoring tie.

South's explosive David Goldschmidt, who has been sidelined for much of the season with a knee injury took a

penalty shot that beat the Kahoks' goalie, Dave Lezey, in the upper left corner of the net. It proved to be the winning goal.

Even though the tempo of the game was controlled by South, the Warriors had trouble breaking into the scoring column. It took a little luck to keep them from it.

THREE TIMES in the first half they hit the goalposts after having beaten Lezey with drives. It was almost like having three extra defenders out there for Collinsville at

times... the two upstarts and the crossbar.

The weather for the game was somewhat better than for Wednesday's contest with North. The field was drier and faster. But after just a little bit of roughing up by the two teams, it was muddy.

However, the wind was blowing at what must have seemed to the players at gale force. It tended to play a few tricks with the ball.

"I think the wind definitely helped us in the fourth quarter," said South coach Gene Baker. "But before that, I

really don't feel it was much of a factor."

What — or who — WAS a factor in the game was, once again, Greg Feigl.

Just 50 seconds into the fourth quarter, he took a corner kick from freshman standout David Fernandez and headed the ball into the lower left corner of the net past Lezey for a 2-0 lead for the Warriors. But they didn't stop there.

FEIGL has blossomed into the most prolific goalscorer in the St. Louis metropolitan area — if not the state. He holds the school's record for most goals in a season. He has 37 so far this season.

"Greg's very smart on head balls," said Baker. "He has really come on in the latter part of the season."

The latter part? Didn't he go rampant against a few teams early in the year?

"Yes, but he has developed into a better all-around player since, I'd say, the Rosary game. He's scored against some really tough competition lately."

NOT TO BE OUTDONE, Mark Goldschmidt, who is chasing Feigl in the goalscoring column, tallied his 34th

and South's third of the game at the 5:24 mark of the period. He did it on a five-yard kick from the left side of the net.

After South had gone ahead 1-0 in the third quarter, the Kahoks from Collinsville seemed to catch fire just a bit and put a couple of hard rushes at Barry Briggs, the Warriors' goalie. What was the reason?

## Additional photos on page 12

"We tend to fall back just a little after we score," said Baker. "And, on the other hand, other teams get up after a team scores on them. It's a combination of those two things."

The Warriors controlled the game with perhaps a little more ease than many people thought they would, considering Collinsville's two scoring aces Greg Bohnenstiel and Gary Wallace.

"We were keying on those two," said Baker. "They're both left-handed, so we tried to force them to go right as much as we could."

Gary Phelps probably had the best game he's had all season, added Baker. "He was on Bohnenstiel much of the day and did a fine job."

In addition, we also have good communication in our backfield. If you defend with five people, you block a lot of shots."

## WHAT ABOUT the upcoming state tourney?

"The first thing we have to do is find something out about New Trier East. All we know is that (from the Chicago teams South played this year) that they have a good offensive team. But we don't know anything specific about their team, such as individuals. But we'll find out."

When the Warriors do find out, they'll be playing on the Astor at Huskie Stadium at Northern Illinois University in the quarterfinals. They square off against New Trier East at 2 p.m. Friday.

"I'd say they (New Trier) are from the toughest sectional up north," said Baker. "Whoever comes out of that one is usually pretty tough." They are winners of the Northbrook Sectional.

One thing that Baker said about the win over Collinsville is that he was glad the Warriors didn't come out "light" after their hard game with North. There's no danger of that Friday.

SCRAMBLING Warrior quarterback Mike Forshee (12) tries for extra yardage in Friday's 9-6 heartbreaking loss to Pattonville. South's Tony Elliott, who scored the Warriors' TD, throws a block for Forshee. Number 81 for Pattonville is Randy Logan.

That is, until Pattonville's running back Jim Parron went off left tackle midway through the period and scampered 49 yards into the end zone for the first score of the contest. The extra point snap was mishandled and the Warriors had no good.

The Pirates led, 6-0. It stayed that way all the way through the rest of the first half and the fourth period and up until 4:42 remained in the game.

At that point, the Warriors' Tony Elliott plunged one yard for paydirt. The score was tied. The extra point would put South ahead.

But alas, it was not to be. Kirksey's kick sailed wide to the left of the uprights — much to the protests of the Warriors, who thought it was good.

That set up the next two series of downs, which proved to be

The Pirates took the kickoff and moved the ball all the way to the South 29-yard line before Teter, the Pattonville quarterback, of a quarterback keeper, fumbled the ball into the waiting arms of South defender Jeff Parker. South had the ball on its own 25 and had a chance to either go for the win or play for the tie and go for it in overtime.

They went for the win — and were sorry they did. South quarterback Mike Forshee was sacked on two successive plays by the Pirates and the Warriors

were forced into that punting situation from their own end.

"I GUESS we could have gone for the tie and tried to win it in overtime," said Wojcik. "But I don't think we could have. They had two time outs left and I don't think we would have been able to kill enough time."

In any case, the Warriors finished the season with a 2-7 record and physically held together with sailin' twine and tape. Injuries have plagued the team all season beginning with the broken leg of Jay Heubner before the season even got started.

# Steelers sharp, lose homecoming in overtime

## By DOUG IRVIN

for the Press-Record

"They (St. Mary's) have a good team. They have a good power play up the middle. We are going to have to play great ball," commented Walt Whitaker, assistant coach for Granite City North as the Steelers prepared for their homecoming football game here Saturday night.

North did play great ball, but lost a lead and then the game in overtime, 17-14.

The ingredients for a Steeler victory were there: seven first downs, 189 yards and the 1977 homecoming. But the Steelers lost three fumbles and one pass interception, and the turnovers decided the outcome.

"Both teams played well. It is unfortunate that one had to be," said Ed Pernicaro, head coach for the St. Mary's Dragons. "We capitalized on their mistakes." His strong team has conquered powerful DeSmet, a traditional North stumbling block.

At kickoff time, Jeff Hamilton tied up the ball for North as the crowd cheered for its team. Hamilton's kick was fielded and returned by Jim Cantalan to St. Mary's 32-yard line, and there was no let-up in the frenzied pace thereafter.

Jim Pender punted and Mike Sherman fielded it for North, returning it to his own 24-yard line.

Quarterback Doug Hains went back to punt, decided to throw — complete to Robyn

downfield for the game's first touchdown.

Kevin Buckingham's kick made the score 7-0 with 9:36 remaining in the quarter.

Buckingham's kickoff was returned by Dan Trot for the Dragons to his own 29. The Dragons marched downfield to the Steelers two-yard line, where North made a gaffe and took possession of the ball on its one-yard line.

TIE Steelers went nowhere and Sherman went back to punt. It was partially blocked and was downed by North at the 40.

Rains intercepted a fourth down pass from John Goldak on the Steeler eight-yard line and ran it back to his 22, ending the first quarter.

Sherman went into punt formation on fourth down. The punt was broken up and Sherman was forced to run for a first down and did it, at his own 44.

Another fourth down rolled around and Sherman again went back to punt, decided to throw — complete to Robyn

Smith at the Dragon 28. Rains handed the ball to Sherman on an end-around play from the 10-yard line for another touchdown.

Buckingham put the ball between the uprights to make it 14-0 with 7:27 left in the half.

Hamilton's kick was returned by the Dragons to their 37. St. Mary's moved the ball all the way, Cantalan running across for six points from the nine-yard line.

Goldak attempted a two-point conversion by pitching out to Dave George and the run succeeded. With 1:51 left in the half, the score was 14-8.

Steve Finazzo kicked off for the Dragons and the ball was run back to the Steeler 32 by Sherman.

When Rains and his crew could not move the ball, Bruce Wright punted and the ball was downed by North with 7:27 seconds left in the half.

The Dragons roared down to the Steeler three but could not score.

North's rifle squad and Steel City Belles pun on squand and the Marching Band from Steelerback over the field for halftime activities.

The 1977 homecoming court found the field in chauffeur-driven automobiles. Queen Marie Bunch had to ride unescorted, as King Doug Rains was in the locker room.

"I just hope we win, that's all. I just hope the score stays the same," remarked Assistant Coach Roy Logan.

Goldak again marched his

men downfield to the Steeler three, but the buzzer sounded. A fumble occurred as North attempted a lateral, and the game went into overtime with the score 14-14.

A clipping penalty was called against the offense and later a personal foul against the defense, with several plays between. With the ball on the Steeler six and in the hands of the Dragons, Goldak handed off to Frank Masek, who ran it to the one-yard line.

Goldak then handed off to Steve Olliges, who went in for a touchdown. A two-point conversion attempt failed and it was 14-14 with 5:36 left.

In a fourth-quarter action, St. Mary's had the ball at North's 29-yard line. Goldak aeriad to trot on the Steeler eight-yard line, but the Steeler defense held at the two.

An offside penalty gave Rains a little breathing room. He passed incomplete but there was a flag on the play and Rains was down.

For roughing the passer, the officials marked off 15 yards as Rains was helped off the field. Tim Dudley came in to replace him.

On the Dragons' next possession, Goldak pitched to George, who fumbled. Tom Greco recovered for North at his 18-yard line.

Dudley continued at Quarterback and Wright came in to punt. Trot handled the ball for St. Mary's and returned it to the Dragon 27.

Goldak again marched his

men downfield to the Steeler three, but the buzzer sounded. A fumble occurred as North attempted a lateral, and the game went into overtime with the score 14-14.

In overtime, both teams got the ball 10 yards from the zone with four downs in which to score. After both teams have had the ball, the higher score wins. If the score is still tied, they try again.

The Dragons won the toss of the coin and elected to try their luck second.

Rains was back in as quarterback for North. On a handoff, a runner fumbled and the Dragons recovered.

Masek ran to the six-yard line. On the next play, Goldak faded back to pass, saw a hole and scrambled to the end zone. Masek got the ball again and got to the four.

On fourth down at the four-yard line, Finazzo came into the game to kick a field goal. The kick was good and the game was over, the final score of 17-14, creating homecoming heartbreak but renewed admiration for the gridiron Steelers.

They're still the state champs. And they're going to get a chance to defend that title next weekend at the 1977 Illinois State soccer playoffs in De Kalb.

It wasn't an easy road. It never is when you're the best... the champions. There were easy games and hard ones.

The one Friday for GCHS South's Warrior kickers was one of the tough ones. At least for a while.

There wasn't a score until late in the game. But after that, it all sort of fell into place.

That's because they're the champs.

## Questionnaire Gains seen at university for veterans on pensions

November checks going to 1.2 million Veterans Administration pensioners will be accompanied by a questionnaire on income to assist them to qualify for continuing VA pension payments.

Pensions — unlike compensation for service-connected disability or death — are based on income.

Questionnaires also will go to 28,000 parents receiving dependency and indemnity compensation (DIC) checks.

Completed questionnaires must be returned to the VA by Jan. 1 to insure continued receipt of benefits.

Pensions are paid to needy veterans who are totally and permanently disabled from nonservice-connected causes, or to their widows. Amount of the monthly stipend is based on the annual income of the recipient.

Annual income also governs amounts of DIC payments to certain parents of veterans who died of service-connected causes.

With some exceptions, pensioners are required to file income questionnaires annually.

Those 72 years of age or older who have been on the VA pension rolls for two consecutive years are exempt from filing. However, these people must report income changes as they occur.

Some beneficiaries who normally are exempt will receive questionnaires because of cost-of-living increases in annuities. Prompt return of the questionnaires will avoid suspension of monthly checks in 1978, a VA spokesman said.

Those failing to return the completed questionnaires before Jan. 1 will, in lieu of receiving their January pension check on Feb. 1, receive a letter from the VA explaining why their pension payments have been suspended.

Full information on the VA pension program is available from any VA office or veterans organization service officer.

REINHARDT—Real Estate  
Sells—BETTER LIVING!

The East St. Louis Center of Southern Illinois University at Edwardsville is now becoming more attractive to students as a result of new and better facilities and an improved approach to instruction, in the opinion of Vernon Archer, acting coordinator for academic programs and support services at the center.

Archer, who joined the center in February, said that since the main thrust of the program is to improve basic skills of area students whose background in English language, mathematics and "hard core" sciences is less than that of the average college students, some changes had to be made to achieve more success.

One approach to this, Archer said, was to reduce class sizes so that instructors could have better opportunities to deal with the problems of each student on a one-to-one basis.

Also, in the last several months, some of the classrooms have been renovated and laboratory facilities are being provided.

The indication that the center is becoming more attractive to students came this fall when enrollment increased 50 percent over last year, he said. The total number of students this year is more than 500, and the number is expected to increase steadily

in the next two to three years, according to Emil Jason, acting director.

Jason said he expects another 25 percent enrollment increase next year to 750 students. The seven-story center can accommodate as many as 1,000 students.

Archer said the average Scholastic Aptitude Test scores of the center's students tend to run lower than those of students on the main SIUE campus.

For this reason, emphasis at the center is placed on teaching courses related to the basic skills essential to succeeding in a college course. Students at the center can take as many as 88 hours of credit transferable to the main campus for completion of a degree program.

However, not all the 500 students at the center are enrolled in the basic and General Studies courses offered in the Experiment in Higher Education component.

The others are enrolled in the Performing Arts Training Center, whose objective is to introduce career-minded students to the performing arts and to advance the standard for academic excellence within that area, according to Jason.

Archer said data concerning the academic performance of center "graduates" is now being compiled for a study that

will help the center provide the best possible instruction to its students. Individual follow-up studies of former students also will be conducted.

### North Booster Club meeting Thursday

The Granite City North Steelers Booster Club will hold a regular meeting at 7:30 p.m. Thursday, Nov. 10, in the school cafeteria, according to the president, Everett J. DeMott.

### APARTMENT BURGLARY

Theft of \$2,300 worth of stereo equipment from the apartment of Gary L. Jones, 1115 Route Two, St. Thomas Road, was reported to sheriff's deputies at 6:40 p.m. Thursday. Jones said a stereo receiver, turntable and speakers were among the items taken, apparently after he had left for work Thursday morning.

UNDERCOATING—RALPH'S TEXACO 22ND & MADISON AVE.

### GC Demo Club plans election

The monthly meeting of the Granite City Democratic Club will be held Wednesday at 7:30 p.m. in the Knights of Columbus Hall.

Election of officers will take place at the meeting. The nominating committee has selected the following candidates to serve as officers for the coming year: president, Von Dee Cruise; vice-president, Edward "Dewey" Melton; secretary, George Kayich and

treasurer, Alex Toth. Board of Directors nominees will be Carole Kopis, Jan Casey and John Chomko. Other nominations for all of the above offices will be taken from the floor prior to the balloting.

It was noted that only those persons who have paid their dues no later than the October meeting will be allowed to vote. Refreshments will be served following the meeting.

## Miller-Woodson nuptials at St. Mary's Church

Miss Kim Woodson, a daughter of Lieutenant Colonel and Mrs. R. C. Woodson of Scott Air Force Base, and Ray Miller, a son of Mr. and Mrs. Walker Miller, 1540 Sixth St., Madison, exchanged wedding vows on Oct. 8 at St. Mary's Roman Catholic Church in Madison.

Father Jerry Stuchman officiated at the double ring ceremony at 4 o'clock in the afternoon.

Organist Alan Bogovich and vocalist Barbara Schmitt provided a program of selected wedding music.

For her wedding, the former Miss Woodson selected a full length white Qiana gown designed with an Empire bodice, high neckline and cap sleeves, lavishly appliqued with Venice lace motifs.

Matching lace marked the high rise waistline and was repeated on the hem of the skirt and chapel train.

She wore a modest length veil of bridal illusion attached to a pearl and lace headpiece, and she carried a cascade of dried flowers in beige and white hues.

Bridal attendants included Miss Claire McCaskill as maid of honor and Mrs. Chris McLarney and Miss Kelley Woodson, sisters of the bride, and Miss Lauren Francy, as bridesmaids. Kathy Nunn and Patty Scaturro, a niece of the groom, served as candlelighters.

They were gowned in identical wine color floor length dresses fashioned with cap sleeves, scoop necklines and accented with a cream color lace.

Each attendant held an arrangement similar to the bride's bouquet.

Tina and Kathy Scaturro, nieces of the groom, were flower girls, and Mike Scaturro, the groom's nephew, was the ringbearer.

The girls wore frocks in the wine shade enhanced with a lace trim on the necklines and sleeves. They carried baskets of fall blossoms.

The groom chose his father, Walter Miller, as best man. Groomsmen and ushers included Ron Miller, a brother of the groom, Dave McLaughlin, Larry Gavilsky, Barry Woodson, the bride's brother,

and the groom's brother, Mike Woodson.

**Rites Tuesday for Johnny Watts, 54**

Funeral services will be held at 8 p.m. Tuesday at an East St. Louis funeral home for Johnny Wesley Watts, 54, of the Viola Jones Homes, Venice.

He apparently suffered a heart attack at his home and was taken by ambulance to St. Elizabeth Hospital, where he was pronounced dead upon arrival, Wednesday.

Survivors include his wife, Ollie Watts; a son, J. W. Watts of Rockford; one daughter, Miss Barbara Ann Watts of Rockford; a stepson and stepdaughter, Ronald and Janet Boyd, both of Venice; five sisters, Mrs. Martha Ruth Booth, Mrs. Hattie Smith, Mrs. Rosie Griffing and Leslie Watts, all of Lumberton, Miss. and Mrs. Gladys Newton of Michigan; and five brothers, Willie, A.B., Herbert, B.F. and Eugene.

**TREATED AT HOSPITAL**  
Leslie Plinn, 17, of New Douglas, Ill., was charged with failure to yield the right of way at a left turn following an accident involving her car and one driven by Andrea Miles, 20, of Georgetown, at 27th Street and Madison Avenue at 6:36 p.m. Friday. Miss Miles was treated at St. Elizabeth Hospital for a bump to the top of her head and released.

## Derek Guardiola marks birthday

A party was given in the home of Mr. and Mrs. Davin Anthony Guardiola, 1532 Seventh St., Madison, to celebrate the first birthday of their son Derek Anthony.

Decorations were carried out in a Mickey Mouse theme. Games were played and prizes awarded to the winners.

Guests attending included Mary Ann Bisto, Michael Bisto, Lisa Robson, John Paul, Donald, Wade and Jason Johnson, Daniel Marler, Christopher and Wesley and Steven Taylor, Mr. and Mrs. Teddy Marler, Mrs. Carol Johnson and Mrs. Anita Bisto.

## Emerson School PTA to meet Tuesday

A representative from the Family, Youth and Child Advisory Council will speak on "Child Abuse" at the 7:30 p.m. meeting of Emerson School PTA Tuesday.

Also to be featured at the meeting will be the presentation of a "Columbus Day" play by the students.

Last week a chili supper and Halloween contest was conducted from 5 to 8 p.m. at the school. Eugene Alassi and Barbara Haddock served as judges and awarded prizes to the top four winners.

Honorees included Bryan Boyles, Stephanie Werner, Jennifer Rainer and Ken Green.

## Three injured in Pontoon accident

The auto of Eddie Troutwine, 28, of Imperial, Mo., and a car driven by John Burns, 81, of 305 W. Chain of Rocks Road, collided at Highway 111 and Lake Street at 4:29 p.m. Friday. Troutwine, his wife, Wanda, 24, and their 12-year-old daughter, Jenny, were taken by ambulance to St. Elizabeth Hospital. He was treated for back pain and a headache. Mrs. Troutwine received treatment for an abrasion to the forehead and bruises and abrasions to both legs, and the youngster had a hematoma to the right side of the scalp. All were released.

The driver of the other car was not injured.

**PONTOON ROAD ACCIDENT**  
Mrs. Mary Lou Allen, 46, of 3877 Rodney Drive, was treated for pain in her back and headache at St. Elizabeth Hospital at 4:30 p.m. Friday, following an accident at Pontoon and Maryville roads.

## Introducing AOLITE Ultravue

PROGRESSIVE POWER LENS

### WHAT MAKES THE ULTRAVUE LENS BETTER THAN THE CONVENTIONAL BIFOCAL?

For one thing, it offers superior visual properties—there's no reading segment line to "get used to" so there's no confused or split image, or sudden extremes in magnification. You have clear vision at all distances, with minimal distortion around the edges. Then there is the design of the lens itself. It has a wide reading area; there's no visible segment line and it's designed to be used with the fashion look of today. The ULTRAVUE lens is made of optical quality hard resin, so it is light in weight (half the weight of glass), impact resistant, and available in a wide range of attractive colors and tints. All in all, the ULTRAVUE lens has the versatility to meet your personal needs and preferences, without sacrificing superior optical performance. Nobody ever has to know that you're wearing a bifocal lens. It's your secret.

**\* WE HAVE A SPECIAL PLAN FOR THOSE OF YOU WHO HAVE PURCHASED CONVENTIONAL BIFOCAL LENSES IN THE PAST 3 MONTHS FROM US. A SPECIAL ALLOWANCE WILL BE MADE IF YOU WISH TO SWITCH FROM CONVENTIONAL BIFOCALS TO ULTRAVUE LENSES.**

### Acker-Bagi engagement told

The engagement of Miss Cheryl Vey Bagi and Marine Lieutenant William Acker is being announced by the bride-elect's parents, Mr. and Mrs. William Bagi, 3333 Palm Ave. Parents of the groom-elect, Mr. and Mrs. Norman Acker, reside at 1 Hill St., Shiloh, Ill. Miss Bagi is a 1975 graduate of Granite City High School and is presently a junior student at Southern Illinois

University at Carbondale, where she is majoring in forestry. Her fiancé graduated from O'Fallon Township High School in 1974 and from SIUE in 1977. He is currently stationed in Quantico, Va., with the U.S. Marine Corps. The couple are planning a Feb. 25 wedding to take place at St. Peter Evangelical United Church of Christ.

**MR. AND MRS. MYRL SHELTON**, 2425 Kilmer Drive. They celebrated their 50th wedding anniversary at a dinner party given at Henry The VIII Restaurant in St. Louis, by their sons-in-law and daughters.

### Mr., Mrs. Myrl Shelton celebrate anniversary

A dinner party was given at Henry The VIII Restaurant in St. Louis, last week, honoring Mr. and Mrs. Myrl Shelton, 2425 Kilmer Drive, on their golden wedding anniversary.

#### MR. AND MRS. RIDDLE

Mr. and Mrs. Richard "Skip" Riddle of Edwardsville, formerly of Granite City, are announcing the birth of their second child, a girl, born Oct. 27 at Oliver C. Anderson Hospital, Maryville.

The infant has been named Juliette Suzanne and she weighed seven pounds, one ounce. She has a 2½-year-old brother, Joshua William.

Mrs. Riddle is the former Susanne Brockus a daughter of Mrs. Fannie Brockus of Edwardsville, and the late William C. Brockus. The paternal grandparents are Mrs. Esther Riddle of Granite City, and the late Lorin Riddle.

Hosting the event were the honoree's sons-in-law and daughters. Mr. and Mrs. Shelton were married in 1927 and have been residents of Granite City for 58 years. Mr. Shelton retired seven years ago from General Steel Industries after 47 years of service.

They are the parents of four daughters, Mrs. Ardeth Platt of Florissant, Mo., Mrs. Vera McSparran of Berkeley Heights, N.J., Mrs. Linda Stroud of Granite City and Mrs. Janet Warner of Ferguson, Mo. They also have eight grandchildren. Mr. and Mrs. Shelton also celebrated their anniversary with one of the senior bowling leagues on Wednesday and Friday and with the park board senior club and a senior citizen pinocle club.

### News notes

U.S. Senator Charles H. Percy, 58, Illinois Republican, announced Saturday he will seek a third six-year term. He urged curbs on governmental "excesses, reform of regulatory policies and solutions on energy, crime, jobs and inflation."

The Madison County Farm Bureau is offering a \$5,000 reward for information related to the sheriff's department (692-4432) that can solve the double murder of Arthur Gusewille and his wife, Vernita, shot to death by two robbers Thursday evening in their farm home on Quercus Grove Road, seven miles northeast of Edwardsville.

President Jimmy Carter's first veto was cast Saturday to block an \$80 million authorization for a nuclear breeder reactor pilot project - that was intended to solve a self-perpetuating, plutonium-breeding power production facility.

A bill to limit hospital price rises to nine per cent yearly was allowed to the last week in Congress.

The latest Illinois state lottery approach features merchandise as well as cash in instant and weekly \$1 transactions.

The Justice Department has told him he isn't a target of its "Koreagate" investigation, Congressman Melvin Price says in discussing his 1971 letter praising Tongan Park of South Korea. Asked to write it by former Cong. Richard Hanna of California, Price says, "I was requested to write a letter and I felt for it, I shouldn't have. Obviously, I was used." Price was unaware of Park's \$500

Extensive rehabilitation of the lower guidewall extension at Locks and Dam No. 26, Alton was initiated last week.

The work consists mainly of placing new wooden piling clumps as well as repairing existing wooden piling clumps by wrapping and adding timbers.

The work will be accomplished by a private contractor and will involve use of floating plant operating in the immediate vicinity of the lower guidewall extension.

It is anticipated that closure of Locks and Dam No. 26 won't be required to accomplish the work. However, due to the proximity of the floating plant and the nature of the required work, all vessel pilots and operators are being asked to use extreme caution while operating in the lower approach to the main lock.

### Man making deposit robbed of \$110

Marshall Holton, 3653 Regent St., East St. Louis, was robbed of his wallet containing personal papers and \$110 in cash while he was making a night deposit at the First Granite City National Bank at 8:22 p.m. Saturday.

While standing at the deposit receptacle an unknown person came up to his back and said "don't turn around" and took his wallet, then ran from the scene, it was reported.

## Madison schools plan open house programs

Plans for observance of American Education Week Nov. 13 to 19 by the Madison School District were discussed by Board of Education members during a regular meeting Thursday night.

The board sanctioned a series of open house programs in all Madison schools on Nov. 15, 16 and 17.

The schedule will include open house at Blair School Nov. 15 and 16 from 2 to 4 p.m.; Dunbar School Nov. 16 and 17 from 2 to 4 p.m.; Harris Riser and Madison High on Nov. 15 from 2 to 4 p.m. and from 6 to 8 p.m., and the junior high school Nov. 15 from 3 to 7 p.m.

The board was notified by the Capital Development Board that the district is in full compliance with its deposits in the trust fund for construction of the new Madison Junior High (middle) School.

Madison now has approximately \$850,000 in the fund which also includes monies deposited by the Capital Development Board. Construction bills are paid from the fund.

Board members voiced opposition to the new consolidated election law signed by Gov. James Thompson and indicated they will join with the Illinois Association of School Boards in its stand for revisions of the law.

### Managing time to be discussed

"The effective management of time" is the theme of a seminar to be held Saturday, Nov. 19, at Southern Illinois University at Edwardsville.

Last in a series of four seminars sponsored jointly this year by the Business Consultant Society of the SIUE Alumni Association and the Center for Management Study of the School of Business, the workshop will be held in Classroom Building III, Room 3307, beginning at 9 a.m. and concluding at 4 p.m.

The program is designed to improve the use of time, both in work and personal environments, according to Prof. Edward J. Harrick, chairman of the department of management in the School of Business at SIUE.

"It will include specific illustrations, examples and techniques which have proved to be effective: setting goals, planning activities, delegating, setting priorities, and maintaining control over daily interruptions," Harrick said. The \$25 fee for the seminar includes materials and lunch. Reservations, accompanied by a check payable to the SIUE Alumni Association, are to be sent to the Alumni Office, Box 31, SIUE, Edwardsville 62026, by Friday, Nov. 11.

Permission was granted for students who wish to attend the St. Louis National College Fair Nov. 15 to be dismissed from school. The fair is to be held from noon until 2 p.m. in the St. Louis Exhibition Center.

The board received a letter from CNA Insurance, the district's liability insurance carrier, complimenting the district on its "good housekeeping." School Superintendent John Palchiff said the letter was based on an inspection of school facilities. The board also appointed Carol Sterns as girls' basketball coach and Lavenia Long as girls' track coach.

Two boys and one girl were granted reinstatement in high school classes after disciplinary hearings. They are to be reinstated on probation.

### Mrs. Kovach dies at 88

Mrs. Mary (Metzger) Kovach, 88, of the Colonnades Nursing Home, died at 6:25 p.m. Thursday at St. Elizabeth Hospital. She had been ill three years and a patient in the hospital one week. Born in Yugoslavia, Mrs. Kovach also resided in St. Louis and Fairmont City, Ill.

She was a member of the Holy Rosary Catholic Church, Fairmont City.

Her husband, Joseph Kovach, died April 18, 1954. A daughter, Ann Arban, preceded her in death. Survivors include two sons, Steve Kovach, Garden Grove, Calif., and Joseph Kovach of St. Charles, Mo.; three daughters, Mrs. Rudy (Helen) Marvich, Fairmont City, Mrs. Paul (Mary) Austin, Ferguson, Mo., and Mrs. Henry (Justine) Kelsaw, Hanly Hills, Mo.; 26 grandchildren and 33 great-grandchildren.

Funeral services were held Saturday. Details are given in the obituary column.

### John Amos to perform

The Black Student Association at Southern Illinois University at Edwardsville will present John Amos, star of "Good Times" and Alex Haley's "Roots," Wednesday, Nov. 16, at 8 p.m. in the Meridian Ballroom of the University Center.

Persons whose credits include television and screen appearances, will be performing eight vignettes, from the first black king in Africa to the first black president.

Admission is \$2 for students and groups with 20 or more persons, and \$3 for non-students.

# BPW style show of holiday fashions

"Holiday Fashions on Parade" is the theme of the 11th annual Style Show and Christmas Bazaar, sponsored by the Granite City Business and Professional Women's Club.

A kaleidoscope of fashions suitable for men, women and children for the festive holiday season will be provided by 13 local stores and modeled by Granite City residents.

The public is invited to attend the event scheduled for 2 o'clock in the afternoon on Sunday, Nov. 15, at St. Peters

Evangelical United Church of Christ, 201 Cleveland Blvd., according to Mrs. Lorehe Sadrakula, president.

Tickets costing \$1.50 may be purchased at the door or from any club member or at The Cut and Curl Fashion Rendezvous and Tops N' Bottoms Store.

Mrs. Lois Wetton style show chairman announced.

Serving as co-chairmen of the show are Mrs. Judy Stille and Mrs. Becky Slate.

Louise Lewis and her Broadway Revue will entertain as well as soloists Keith Curtiss,

Betty Roberson, Shirley Adams, Louise Lewis and Mary Ann Bright. Mrs. Valerie Stevens will accompany the soloists.

Selected organ music will be played during the show by Kelly Osburn.

Commentators include Annellen Smith, Illinois Federation state membership chairman. Mrs. Wetton, president-elect; LaVelle Stephens, first vice-president and Mrs. Lewis musical coordinator. All pictures are Press-Record Staff Photos.

# GC defeats move to rescind use permit

A move to rescind an earlier action that granted a special use permit to a Granite City resident without action by the City Plan Commission was turped down by a majority of City Council members last week, even though a motion to reconsider the proposal had been approved.

The action stemmed from a council vote Oct. 25 by which a special use permit to use his garage to display safes in connection with a locksmith business was granted to Roger Miller, 3704 Johnson Road.

The council approved the permit on a motion by Seventh Ward Alderman Ronald Coleman who told the aldermen that there had been no meeting of the City Plan Commission during September or October because of lack of a quorum, and that there were no objections to the request by Miller's immediate neighbors.

In last week's meeting, however, Betty Williams, who

said she lives two blocks from Miller's location, said there was a petition signed by 118 persons objecting to the use permit. She said that since there had been no plan commission meeting, the objectors had no opportunity to speak against issuance of the permit.

"I think we are entitled to a hearing on this," she told the council, adding that "We don't want Johnson Road to become another Nameki Road."

Alderman Sam Whitmer of the Second Ward said he believed the council should reconsider the matter. Whitmer made a motion for reconsideration.

With 13 members of the council present, seven voted in favor of reconsideration and six voted against it. A minimum of eight votes was needed to approve the motion. Mayor Paul Schuler, who is entitled to vote on an issue when his vote can determine the outcome of an issue, voted in favor, providing

the eighth vote necessary to reconsider the use permit issue. Whitmer then moved that the previous council action granting the permit be rescinded. That vote was seven against rescinding and six in favor. The motion was declared lost because a vote of two-thirds of the council membership, or ten votes, is needed to approve any rescinding action.

Coleman told the council that he had presented the motion to grant the use permit in the Oct. 25 meeting because he had been told there was no opposition by Miller's neighbors to the use of his garage for business displays.

He said he was unaware of the petition directed against the use permit request.

Customarily, all requests for special use permits are presented first for hearings before the City Plan Commission which then recommends to the council whether a request should be granted or denied.

# New drive to curb thefts from stores

Hugh E. Muncy, president, Illinois Retail Merchants Association, in meetings with retailers around the state this month has called attention to "the necessity of concerted efforts to stop the nation's fastest growing crime — theft from stores."

He said, "People who steal from stores think they're getting something for nothing. The fact is, when somebody steals something, everybody pays — one way or another."

Retailing's fifth annual theft prevention program, "Everything Has a Price Week," will be observed Nov. 13-19. Chief emphasis will be on the high price of "something for nothing."

"Stealing from stores has been growing at a phenomenal rate.

"In just one year, dollar loss to merchants nationwide jumped from \$6.5 billion to \$7.2 billion.

"Even more alarming is the fact that stealing from stores is a crime frequently committed by 'respectable' people and juveniles who steal, not from need, but just to see if they can get away with it."

"Few people realize that by turning the other way when they see a thief in action, it costs them plenty."

"They think only the person caught stealing pays a penalty."

During Everything Has a Price Week, the general public will be reminded that stealing from stores imposes many penalties — including higher prices, limited merchandise

selections and an atmosphere of distrust.

"Permissive stealing from stores also affects job opportunities and invites additional crime, and fear, into the community," Muncy adds.

"It increases the cost of insurance and law enforcement, and even affects the kind of services we receive when state and local governments are denied sales tax revenues."

"One of the most costly penalties would be a generation of young people who look on stealing from stores as acceptable behavior."

"Everything Has a Price Week activities will be aimed at reversing a let-something-for-nothing attitude."

"Programs are being scheduled around the state with retailers, schools, parents, youth groups, news media representatives and law enforcement officers cooperating."

"Citizens will be asked to reinforce efforts of retailers and law enforcement officers to prevent stealing from stores."

Information on Illinois Retail Theft Law and suggestions for parents will be disseminated as part of the campaign.

"Retailers spend billions on theft prevention and prosecution. However, they cannot effectively control marketplace crimes without support and cooperation of concerned citizens."

"The special week will be an opportunity to take positive action against this costly crime that is blighting communities and undermining the moral fiber of our society."

## ANNOUNCEMENT OF INTENT TO PERFORM FLOOD ELEVATION STUDY

The Federal Insurance Administration of the U.S. Department of Housing and Urban Development announced that under authority of the National Flood Insurance Act of 1968 (P.L. 90-448), as amended, and the Flood Disaster Protection Act of 1973 (P.L. 93-234), it will fund a detailed study of the flood hazard areas in the village of Pontoon Beach, Illinois.

The study will be performed for the Federal Insurance Administration by the U.S. Army Engineer District, St. Louis, Corps of Engineers, St. Louis, Missouri, under the supervision of Kenneth D. Corbin, Chief Flood Plain Management Services.

The purpose of this study is to examine and evaluate the flood hazard areas in the community which are developed or which are likely to be developed and to determine flood elevations for these areas. Flood elevations will be used by the community to carry out the flood plain management objectives of the National Flood Insurance Program. They will also be used as the basis for determining the appropriate flood insurance premium rates applicable for new buildings and their contents, as well as determining the rate to be used for the second year of insurance on existing buildings and contents.

This announcement is intended to notify all interested persons of the commencement of this study so that they may have the opportunity to bring any relevant facts and technical data concerning local flood hazards to the attention of the Federal Insurance Administration for consideration in the course of this study. Such information should be furnished to the Federal Insurance Administration, Executive Office of the community, for forwarding to FIA.

## Pre-Christmas ballet planned

The Community Civic Ballet Company, a non-profit organization, will give a pre-Christmas performance of the traditional "Nutcracker Ballet" and also, on a more modern note, Gerhart's "Rhapsody in Blue."

The performances will be held at Southern Illinois University at Edwardsville Sunday, Nov. 20, at 8 p.m. The public is invited.  
The company, which was formed in 1974, has 20 members. Artistic Director Irene Gintautas is an ex-professional ballerina who has toured most of Eastern Europe. She came to the U.S. to live after World War II.

## Live opera, ancient Rome on Channel 9

Rigoletto, broadcast live from the Metropolitan Opera House at Lincoln Center, airs at 7 tonight on TV Channel Nine and at 1 p.m. Sunday, Nov. 13.

This evening's performance is live and simulcast over KFUO-FM 90.1 and WKMU-FM 91 radio.  
Corubas, Cornell MacNeil and Placido Domingo star in this Metropolitan Opera production. James Levine, the Met's music director, conducts while Tony Randall provides behind-the-scenes commentary.  
Verdi's opera is the tragic story of Rigoletto and his daughter, Gilda. Gilda is in love with the Duke of Mantua, much to her father's displeasure. Rigoletto devises a plan to kill the duke, only to have it backfire when Gilda discovers the plot, disguises herself as the duke and dies in his place.  
I. Claudius, a 13-part Masterpiece Theater production, airs at 8 p.m. on Sundays and Saturdays, beginning yesterday and Nov. 12. Based on Robert Graves' best-selling novels, it tells the story of the royal Claudians, iron-rulers of ancient Rome whose power-hungry corruption brought about the fall of the Roman empire. Derek Jacobi stars as Claudius, with Sian Phillips as Livia and Brian Blessed as Augustus Caesar. Parental guidance is advised for the entire series, a Channel Nine spokesman said.

## Senate agrees on energy tax relief to states, grain fuel test

The Senate has passed an amendment offered by Senator Charles H. Percy (R-Ill.) to the Energy Tax Bill that intended to provide tax relief for states if the energy legislation finally passed by Congress includes a crude oil tax.

The measure, which would provide Illinois \$18,400,000 each year for the next four years, would take effect if the House-Senate Energy Tax Conference Committee includes a crude oil tax in the final energy tax bill.

Percy praised Governor James R. Thompson for his effort in alerting members of Congress to the need for a provision to compensate states for revenue lost because of fuel conservation.

Motor vehicle taxes are a main source of funds for state road maintenance.

"If conservation means that states lose money collected through motor vehicle taxes, then the federal government should compensate states for their losses," Percy said.

"Conservation should be encouraged. It should not carry penalties that discourage efforts to save."

It is estimated that for every gallon of gasoline saved, states lose an average of eight cents in state revenue, which could mean a possible loss of \$20 billion to \$30 billion nationwide through 1985, he said.

exempt gasoline blended with a minimum of 10 percent ethanol and methanol — two forms of highly combustible alcohol — from the federal fuel tax of four cents a gallon for a test period of six years.

The Senate also accepted a Percy amendment that would require use of alcohol-blended fuels in 1,000 federal cars for three years to test the economic, technological and environmental feasibility of using alcohol fuels on a large scale.

Percy's proposal would require that alcohol used to make the tax-exempt gasoline be derived from non-petroleum substances, such as grain and wood.

"Use of alcohol-blended fuel can help cut our dependence on expensive foreign oil and also provide an excellent use for grain surpluses and other substances," Percy said.

## Art center open house

A tour of newly-renovated studios at the Wagner art complex of Southern Illinois University at Edwardsville will be featured at an open house Nov. 16 from 6:30 p.m. to 9 p.m.

Renovated areas include a drawing studio, undergraduate painting studio, off-loom weaving studio, design studio, commercial design studio, graduate student studio and some faculty offices.

Exhibits of newly-acquired work from architectural arts programs and prints by Nelson Wagner lithography will be featured in the new student study gallery.

Percy Timeson, SIUE's master printer, will demonstrate techniques used in his work, which includes printing original art for guest artists, visiting artists and artists in the area.

The open house, sponsored by the Friends of Art, is open to the public.

## Illinois Power will be glad to provide a speaker or film for your club or school...

If you belong to a club, you know it's often difficult to provide an interesting program. Perhaps Illinois Power Company can help. We offer speakers and films for club meetings and school programs.

We have speakers who can talk about a variety of subjects such as wise use of energy in the home... how utility bills are computed... safety in the home... availability of fuels for the future... and how a power plant is built.

Illinois Power also has a library of nearly 100 films on subjects such as energy and the environment, cooking, the American business system, baseball, safety, the American presidency and careers in business.

These community service programs are available without charge. If you need a program for your club or school, call your nearest Illinois Power Company business office. Let us help you.

## 'Plants for people' class

A few tasty nibbles will be part of the syllabus for a one-session course called "Plants for People," to be offered to the public and especially to teachers by the Missouri Botanical Garden in two sections in November and December.

The course has been designed as an unusual but practical introduction to the study of food plants, using fresh foods.

It is being described as an ideal method of learning about the source of man's food plants and what influence man has had in their development. The garden's food plant slide packet will be available for inspection.

Section A will meet from 4:30 to 7 p.m. on Tuesday, Nov. 29, in the John S. Lehmann Building at the Garden. Section B will meet from 4:30 to 7 p.m. Monday, Dec. 5, also in the Lehmann Building. Participants may register for either section.

Registration fee is \$5 for the general public, or \$4 for Garden members. To register or to obtain additional information, Quad-Cityans may call the garden's education department at 772-7600.

**LUCCO HONORED FOR VETERANS' LEGISLATION**  
State Representative Joe E. Lucco of Edwardsville has been cited by the Veterans of Foreign Wars for his support of legislation considered beneficial to veterans, their widows and orphans.

An award was presented by Arthur Roth, state commander, Department of Illinois, VFW, to Rep. Lucco and Rep. Lawrence Diffrina.

**You don't have to move out to move up.**

Maybe your family has reached a point where you are thinking about a bigger and better place to live. But have you stopped to realize you don't have to move out to move up?

There's a very sensible and practical alternative: home improvement. And we'd like to help you with the money you need. Whether it's an addition to your house, a remodeled kitchen, a rathskeller, patio, porch or garage — you can count on us for a quick, low-cost home improvement loan. And you can count on a payment schedule that will be as comfortable as your "new" home.

Remember — a new house is not always the answer. You can move up and not move out. And we'd like to help you do just that.

Copies of the specifications may be obtained at the office of the Agency's Purchasing Division, 3869 Park Avenue, St. Louis, Missouri 63110. The Bi-State Development Agency hereby notifies all bidders that in regard to any contract entered into pursuant to this invitation to bid, ad- vertisement or solicitation, minority business enterprises will be afforded full opportunity to submit bids and/or proposals in response, and will not be subject to discrimination on the basis of race, color, sex, age, physical handicap or national origin in consideration for an equal opportunity rules and regulations and equal op- portunity policies and proce- dured established by the Bi-State Development Agency. Bidders must be prequalified with the Illinois Fair Employment Practices Com- mission, Public Contracts Division, 179 West Washington Street, Chicago, Illinois, 60602, at least three days prior to the bid opening. This may be ac- complished by submitting a completed IFPEC Form PC-1 to the Illinois Fair Employment Practices Commission for pre- qualification at least three (3) days in advance of the bid opening. These forms are furnished with all bid specifications. Sealed proposals will be received at the General Offices of Bi-State Development Agency, Purchasing Division, 3869 Park Avenue, St. Louis, Missouri 63110, until 2:00 p.m. CST, December 12, 1977 at

**STAND UP AND CHEER.** The Granite City North cheerleading squads of the various varsity and junior varsity teams lead cheers prior to the North Homecoming parade Friday afternoon. Not visible is a large four-foot replica of a pom-pom. This float was one of 14 entered in this

year's parade. The Steelers failed to win the homecoming game Saturday night, being defeated in overtime by the St. Mary Dragons of St. Louis 17-14.

## Mrs. Swigert, 89, dies here

Mrs. Elizabeth (Nichols) Swigert, 89, of 150 S. Aurora, Collinsville, formerly of Granite City, died at 3 a.m. Saturday at St. Elizabeth Hospital where she had been a patient for three days.

Born in Muskogee, Okla., Swigert had resided in Granite City for 30 years and in Collinsville for 15 years. Her husband, Theodore Swigert, died in 1967. Survivors include five daughters, Mrs. Milton (Leitha) Worthen, Mrs. James (Elizabeth) Sappington and Mrs. Emil (Mildred) Raymond, all of Granite City, Mrs. Loren (Maxine) Little of Sappington, Mo. and Mrs. Elmer (Shirley) Little of Germany; four sons, James and Theodore Swigert, both of Granite City, Talbot Swigert of Chicago and Marvin Swigert of Collinsville; 24 grandchildren and 18 great-grandchildren. Funeral arrangements are given in the obituary column.

## Self-awareness film in Venice

Title VII Supportive Service Staff members are sponsoring the showing of "Scoby," a new 45-minute career education presentation emphasizing values clarification and self-awareness.

Paul Servarino, educational representative at Illinois Bell, will present the program to Grades 4-8 at Venice Grade School and Grades 7-8 at St. Mark's School this month.

He will also utilize cartoon picture boards to promote a learning experience.

The program is coordinated by Mrs. Georgia Falwell, Title VII counselor.

## Ok funds for transportation

Venice School Board members decided in a regular meeting Thursday night to retain the policy of paying transportation charges to the parents of multiple-handicapped students who take their children to school and pick them up with their own vehicles.

School Superintendent Robert Vickers said the board agreed to pay such fees on the basis of taxi-cab fares for the same trips. Vickers said the Venice district has two such students in the special education program.

The board also instructed Vickers to pursue a plan for appointment of a combined matron and bus driver under the WIN program.

A leave of absence for 90 days was granted to Theresa Wallace, an aide in the Title VII program.

**CYCLIST INJURED**

Ralph E. Hanner, 21, of 1714 Chestnut St., was treated and admitted to St. Elizabeth Hospital at 7:35 p.m. Friday for abrasions to the left hip, left side of the back, and left foot and for abrasions to the left hand following a motorcycle accident. He allegedly lost control of the motorcycle and slid into a parked auto in the 2700 block of Roosevelt Avenue.

## Growth and diversification by Sternberg construction firm

Established in 1950, G. H. Sternberg & Co. has become a diversified company using the latest in construction computer technology and equipment and an expanding professional staff that now totals 20, a spokesman relates.

A subsidiary firm owns and maintains its heavy equipment.

In line with founder Gene H. Sternberg's self-reliant approach, subcontractors are utilized only on a minimal basis.

The firm has held the Armco Building Systems franchise in Madison-St. Clair-Monroe counties for seven years.

Some of the staff members have been with the Granite City contractor for more than 20 years.

Principal staff members include David D. Parrish, vice-president and general superintendent; Earl Burns, assistant secretary; Paul Richier, sales engineer; Gene Dooner, superintendent; Frank Babka, erection superintendent; and Stanley White, controller.

Response to technical, cost and schedule needs is emphasized, along with conventional and pre-engineered buildings, highway structures, street and sewer work, institutional and municipal

construction, and industrial equipment installation and maintenance.

Sternberg attributes the firm's growth to such factors as hard work, honesty, perseverance and imagination within the bounds of sound business procedures.

The president and chief executive officer is past leader of Optimist International, the Southern Illinois Builders Association and its industry.

## Increased federal funding in tentative county budget

An infusion of federal tax money may escalate the 1978 Madison County budget (December 1977-November 1978) to \$32,066,991, County Auditor John Kravack reports, adding that if assessments remain stable the county tax rate of 38.8-cents per \$100

valuation may drop to about 36 or 37 cents. Scheduled for consideration by the County Board on Nov. 1, the newly-posted budget proposes \$9,661,498 for the general fund, \$12,738,823 for the special tax funds and \$12,666,670 for non-tax funds, the latter including \$8,022,045 for the

manpower development agency, up \$400,000.

Also up \$400,000 is community development, at \$4,664,823.

A special 2.5-cent rate for a working cash fund ended with this year's tax collections.

A total of \$1,911,418 in federal taxes is anticipated for the general fund, including over \$1 million in shared revenue and \$437,000 for court renovation, plus grants for public defender, office salaries, park facilities and law enforcement equipment.

The county's tentative special tax budget includes the appropriation for the \$4 million-plus new Madison County jail, for which groundbreaking took place today.

Salaries are estimated at \$13 million for more than 1,000 employees of all categories.

Many departmental budget requests are lower, and basic appropriations in general and special categories are expected to total over \$100,000 less than a year ago.

Property taxes related to the new budget are to be extended for collection next spring and summer.

## Choose holiday toys with care

By CATHERINE R. MAUCK  
Madison County  
Extension Adviser-  
Home Economics

Each Christmas season brings new lines of toys to the market. They reflect current popular interest and are introduced by vast television campaigns. In the midst of the advertising blitz parents must keep their heads about them.

When shopping for Christmas toys, parents need to remember that a good toy should:

—be enjoyable to the child, —be safe,

—be well made and durable, —provide continuing interest so the child will want to play with it again and again,

—be usable in a variety of ways or for different purposes, —do what the manufacturer claims it will do and what the child expects it will do,

—involve the child, not as a spectator but as a participant, —help the child understand the world,

—challenge but not frustrate, and —make the child feel good about self.

Good toys nurture a child's growth. If parents keep in mind the ways in which a child is growing, they can shop for toys that encourage the child's development.

Young children are developing muscle coordination and motor skills. They need toys that provide opportunities to use large and small muscles.

All children are growing mentally. They can use Christmas toys that provide opportunities for problem solving. Toys that help the child use language, numbers or other information are also recommended.

Children develop creativity as they imagine, invent and experiment. Toys that encourage these activities are good investments.

Developing social skills is important to children of all ages. Some toys stimulate group play or prompt interaction and communication with others. The child can share happily these toys with friends.

Carefully chosen toys will make Christmas day a happy one for children, and will encourage their development throughout the year.

Funeral services were conducted Friday afternoon at a Granite City funeral home for Mrs. Thelma Miller, 76, of 2309 E. 24th St. She died at 4 p.m. Wednesday at St. Elizabeth Hospital.

Mrs. Miller was born in Renault, Ill., and resided here since 1924. Survivors include her husband, Ryal Miller; one daughter, Mrs. James Betty Townsley; two sisters, Mrs. Tom (Laura) Lewis and Mrs. Bob (Helen) Walters; two grandchildren, James Townsley Jr. and Mrs. Janice Schneider; and two great-grandchildren, Adam and Nicole Schneider, all of Granite City.

Burial was in Sunset Hill Cemetery, Edwardsville Township.

**HURT IN ACCIDENT**

Mrs. Carol Mathes, 27, of 1016 Washington Ave., Madison, was treated for pain to her back and neck at St. Elizabeth Hospital at 11:25 p.m. Friday as the result of an auto accident. She was released.

While playing the guitar, Rogers brings his listeners face to face with the home-grown world of the South through a medley of amusing stories.

Major publications such as Rolling Stone and Billboard have noted Gamble's emergence as an artist in the tradition of Will Rogers and Mark Twain.

Says Billboard: "Rogers' stage performance is a blend of far-reaching, sophisticated humor, impeccable, sometimes astounding guitar playing and singing. His monologues are the most unusual aspect of his act, serving up large doses of improbable storytelling."

## EVERY WEEK HELP SAVE, TOO!

### HELPING YOU POSTED

Helpful turkey hints for you

Popular for holiday entertaining - now have become favorite. Here are some hints to help your family enjoy it.

There's a choice to suit every family at your Kroger. You can buy the familiar frozen turkeys, now you'll find a new "chill-pack" turkey and turkey parts - held at a temperature just above freezing (the ideal temperature for poultry quality until cooked). You'll notice a few ice cubes in the turkey bag. Allow 3/4-1 lb. per 12 lb. Over 12 lb., allow 1/2-3/4 lb.

Chill-Pack Turkeys may be kept in the refrigerator until ready to cook. Keep frozen turkeys in the freezer until ready to thaw frozen turkeys at room temperature or under an original plastic bag in refrigerator ... 24 hours. Roast thawed turkey within 24 hours. And don't try to cook until you're ready to roast it.

Refrigerate or freeze leftover turkey immediately after roasting - an extra "planned-over" meal from your turkey food dollar.
